

AKMAL S

Data Analyst

akmal.s.analytics@gmail.com | linkedin.com/in/Akmal-s- | GitHub | Portfolio

SUMMARY

Data Analyst with hands-on experience in SQL, Python, Excel, Power BI, and Tableau. Skilled in data cleaning, exploratory data analysis (EDA), dashboard development, and reporting to turn raw data into actionable insights that support data-driven decision-making. Experience building automated reporting workflows and interactive dashboards for cross-functional stakeholders; comfortable working across ad-hoc analysis and end-to-end BI reporting in fast-paced, collaborative environments.

CORE SKILLS

Tools & Languages: SQL (MySQL), Python, Excel (Advanced), Power BI, Tableau, Google Sheets, Jupyter Notebook

Analytical Skills: Data Cleaning, Exploratory Data Analysis (EDA), Data Modeling, ETL Pipelines, Dashboard Development, KPI & Trend Reporting, Statistics

Business Skills: Data Storytelling, Stakeholder Communication, Ad-Hoc Analysis, Executive Reporting, Critical Thinking, Attention to Detail

EXPERIENCE

Relationship Manager — NoBroker

Sep 2025 – May 2026

Tools: Google Sheets, CRM

- Managed end-to-end client relationships for property owners and seekers, coordinating apartment viewings and supporting deal closures.
- Maintained and organized large Google Sheets datasets tracking apartment listings, viewing schedules, and owner details, ensuring accurate and up-to-date information for the team.
- Generated ₹50,000 in brokerage (monetization revenue) — the highest individual amount on the team, with no other team member reaching this figure.

Data Analyst Intern — Unified Mentor (Remote)

May 2025 – Aug 2025

Tools: Excel, SQL, Power BI, Python

- Delivered actionable insights across 4 end-to-end analytics projects covering stock trends, job market patterns, ride demand, and cybersecurity incidents, replicating real-world data analyst workflows.
- Built an automated Power BI dashboard for Data Analyst job postings, giving stakeholders real-time visibility into skill demand, experience requirements, and salary trends.
- Designed interactive dashboards with KPIs, charts, and filters that improved decision-making speed and clarity for stakeholders.
- Owned end-to-end project workflow — data cleaning, exploratory data analysis (EDA), and BI reporting — from raw data to final dashboard.

Data Analyst Intern — AI Variant (Remote)

Dec 2024 – Mar 2025

Tools: Excel, SQL, Power BI, Tableau

- Analyzed a dataset of 365,000+ Kickstarter projects representing \$3.86B in funding using SQL, Excel, and BI tools to surface funding trends and success patterns.
- Built dynamic Power BI and Tableau dashboards to visualize campaign trends by category, geography, and funding status.
- Prepared executive-level reports and presentations translating data findings into strategic recommendations for crowdfunding campaigns.
- Managed and cleaned large datasets using advanced Excel techniques to ensure accurate, actionable reporting.

PROJECTS

Automated Data Analyst Job Market Dashboard

Python, Google Sheets, Power BI

- Built a Python script to scrape, clean, and process Data Analyst job postings into a structured dataset for analysis.
- Developed an automated ETL pipeline feeding cleaned data into Google Sheets with daily refreshes for up-to-date market insights.
- Performed EDA in Power BI to identify trends in skill demand, salary benchmarks, and geographic hiring hotspots.
- Designed an interactive Power BI dashboard delivering actionable job-market insights to support data-driven career decisions.

Kickstarter Campaign Success Analysis

SQL, Power BI, Tableau

- Used SQL to clean and query a large Kickstarter dataset, performing EDA to identify key drivers of campaign success and failure.
- Synthesized findings into a presentation highlighting factors such as optimal funding goals, category selection, and campaign duration.
- Built a dynamic Power BI and Tableau dashboard enabling stakeholders to filter and visualize campaign performance by category, country, and funding level.

CERTIFICATIONS

- Internship Completion Certificate in Data Analytics — AI Variant (Mar 2025)
- Data Analyst Course Completion Certificate — ExcelR (Feb 2025)
- Job Ready Certificate — Wadhwani Foundation (Nov 2024)

EDUCATION

B.Sc. Mathematics & Physics — Bangalore North University

Graduated 2024

CGPA: 8.4 / 10
